

# WASATCH UPDATE

PRESS RELEASE

2009

## ABOUT WASATCH

Wasatch Product Development is a full service cGMP Product Development Laboratory. Our core competencies focus in the formulation and manufacturing of Skin Care, Hair Care, Dental Care along with unique, customized and proprietary products for the Personal Care Industry. We also specialize in treatment-oriented products.

Wasatch Product Development Labs currently employs 2 degreed chemists with a broad range of expertise and has 8 lab technicians. Wasatch currently employs 92

employees, 30-45 temporary employees and is located in a brand new 77,000 square foot climate controlled facility in Draper, Utah.

## UNIQUE PROPRIETARY CAPABILITIES (UPC)

All Wasatch Product Development batching vessels have bottom-mount Scott Turbona high-shear dedicated mixers. Production has high capacity filling lines with positive displacement filling heads and Pacific Rotary Fillers which allow filling of liquid to paste viscosities. Filling lines capabilities are also equipped to cap, torque, double side label, lot code, induction seal and heat shrink. Wasatch PDL has tube fillers which include high capacity Nordenä tube filler. Wasatch has 8 single-head fillers to be versatile with contract customer needs for small runs of 5,000 or more.

- Flexible plastic and laminate tube filling (creams and ointments)
- Flexible unit-dose foil pouches (creams and lotions)
- Rigid plastic tubes filled
- Bottle filling service
- Jar filling service
- Liquid / Juice contract manufacturing
- Fill sizes ranging from 2ml to 55 gallons
- Automated hot-melt glue carton capabilities

Wasatch currently manufactures internally and also manages manufacturing, delivering turn-key finished goods for many marketing focused companies. Strategic relationships with many different manufacturers allow Wasatch Labs to deliver very competitive pricing and also place product types according to the core competencies of various manufacturers.

Wasatch Product Development is well networked with leading scientists in the industry as well as suppliers of anti-aging and treatment technologies to aid marketing personnel in concept development and brainstorming activities for the creation of leading edge products.

**Differentiation:** Wasatch Product Development captures work that may otherwise go to other firms based on our in-house development abilities. Unlike most of our competitors, Wasatch has full, complete, in-house development capabilities. We do it all, so we are able to verify quality and timely progress.
