

# WASATCH UPDATE

PRESS RELEASE

2009

## ABOUT WASATCH

Wasatch Product Development is a full service cGMP Product Development Laboratory. Our core competencies focus in the formulation and manufacturing of Skin Care, Hair Care, Dental Care along with unique, customized and proprietary products for the Personal Care Industry. We also specialize in treatment-oriented products.

## PRODUCTION OPPORTUNITIES

The new facility, completed in August of 2008, contains state-of-the-art Water Purification Systems and a component, departmentalized Batching Facility which is 100% computer monitored and controlled.

Current Capacity: 67%  
Annual Sales: \$15,000,000

Wasatch Product Development has Hepa Filter manufacturing rooms able to meet customer demands with extremely versatile manufacturing and filling equipment able to process a wide array of viscous products ranging from liquid to paste type products and is able to batch and fill a wide range of OTC drugs and personal care products.

## INDUSTRY EXPERIENCE / MISSION

The mission of Wasatch Product Development is to establish and maintain profitable and mutually beneficial relationships with our customers, employees and suppliers. We aim to be responsive. We will always be ethical. We strive to provide our stakeholders with profits and pride of workmanship.

Wasatch Product Development manufactures a variety of liquid products, predominantly

anti-aging skin care, body care and nutritionals for the Health Care Industry. In support of this mission, we will:

- Be trustworthy, forthright and conscientious in all of our business interactions.
- Foster open communications, teamwork and cooperation.
- Be recognized as a positive force within our community.
- Recognize the value of each customer, employee and supplier to the organization.
- Continually improve relationships with both external and internal customers and suppliers.
- Maintain a safe and pleasant workplace while striving to improve quality and productivity.
